**Coastal Construction Group Tops Off on International Financial Bank's
New 45,000-Square-Foot Green Corporate Headquarters on Schedule**

MIAMI (March 8, 2010) – Coastal Construction Group, one of the nation's leading general contractors with more than \$1.2 billion in current projects, has reached the top floor of International Financial Bank's (IFB) new corporate headquarters, a 45,000-square-foot Class A office building in Miami located at the corner of SW 37th Avenue and SW 8th Street.

Coastal Construction Company is a division of Coastal Construction Group specializing in hospitality, commercial, industrial and academic projects, and has delivered several world class facilities to South Florida, including 1450 Brickell, Barcardi Headquarters, Compson Place, Interval International, and Jupiter Yacht Club.

Developed by the Rilea Group, IBF's new seven-story headquarters consists of 45,246 square feet of rentable office and retail space and a 135-space parking garage. The environmental- friendly building has been designated LEED-CS (Leadership in Energy and Environmental Design Core and Shell) pre-certified "Gold" by the U.S. Green Building Council (USGBC) and features large missile impact resistant glass and a custom curtainwall glazing system which is hurricane tested to withstand winds up to 219psf.

Designed by Miami-based architectural firm Nichols Brosch Wurst Wolfe and Associates, the building is scheduled for completion in Fall of 2011. Phoenix-FTA Inc. will serve as the building's interior designer.

"We are thrilled to be a part of this project which will create many local jobs," said chairman and CEO of Coastal Construction Group, Tom Murphy, Jr. "It is always a

pleasure working with the Rilea Group and we look forward to delivering a strong and beautiful new home for International Financial Bank.”

Award-winning Coastal Construction Group operates in 11 markets and has significant experience in commercial, hospitality, single and multi-family residential, educational, government-related facilities and disaster recovery projects. For more information on Coastal Construction Group, call 305-559-4900, or visit www.coastalconstruction.com.
